VOLUME 36

FRIDAY APRIL 7th 1944

NUMBER 46

E. E. Jensen Reports District Conference

E. E. Jensen was speaker at Rotary on Monday when he reported the District Conference held in Calgary last week. A very fine luncheon was enjoyed by the group, and Mrs. Redd had four of her Public School girls present who entertained with two songs.

In reporting the Conference the speaker said that practically every Club in the district was represented at the Conference and that Alberta Clubs had large representations present, some of them practically 100 per cent present.

District Governor Jack McFayden of Dauphin, Man., spoke on the four lanes of service in Rotary and stressed particularly Vocational Service as possibly most important of all. He also spoke on Community Service as a very important avenue of service and referred to some of the accomplishments of outstanding Clubs in this respect.

"Rotary, Yesterday, Today and Tomorrow" was the title of one very interesting speech, and its highlight after tracing the steady and international growth of Rotary during the past thirty-nine years, was the statement that since Hitler's rise to power Rotary had been crushed in 23 nations under his domination. Rotary teaches freedom of thought and goodwill to all which is diametrically opposed to the dictator's ideas.

Oliver McIntyre, Edmonton, past District Governor spoke to the subject "Our Debt to Our Boys" and mentioned some plans that were being made, and some things that might be done to prevent any backwash or unbalancing of our social structure when the boys come home. Torgie Torgensen of Estevan spoke on the necessity of regular attendance if we would be a good Rotarian. In place of looking for causes to miss our meeting, let us plan our work and our appointments to always be present. He explained the meaning back of each of the letters of the word ROTARY as it applied to the Club and the individual's membership therein.

Harry Matthews of the Medicine Hat Club, which Club has made some outstanding achievements in the field of Com-

Stores and offices were closed Wednesday afternoon and all day Friday but will be open again on Monday.

E. M. Kiddle is working in the Grocery Department of the Raymond Mercantile, having started there on Monday of this week.

The grass started showing quite green the end of the week, and buds on the early leafing trees are swelling and getting ready to shoot out their leaves.

Mrs. Allen Earl passed away in the Cardston Hospital after a serious illness. She is the daughter of Mrs. Elmer Sherwood and relatives from here were in Cardston for the funeral on Thursday afternoon.

M. J. Elder has disposed of his farm land north of town, and has sold his town home to J. D. Hall and is moving to Coal Dale where he has purchased land about 4 miles north and west of the Town. We wish he and the family success and happiness in their new home.

Community Service told something of their program, the fine support they received from the people of the community and the satisfaction they find in helping the town and community to become better as the years go by. An interesting talk was given on the "Work Pile" projects, which was followed by a general discussion in the Conference of what might be done in any and every community along this line. The Rotarians were invited to visit "Boy's Town" a center erected by the boys through the help and guidance of the Calgary Club and where boys might spend their leisure time in reading, athletics or many other forms of entertainment as their likes may dictate. This was very interesting to every one and a surprise to most of the delegates.

Chas. Long of Seattle, was the representative of Rotary International and gave two very fine talks more of which may be reported later on.

900 People See "Victory Revue"

The Opera House was veritably "jammed to the doors" Monday night to welcome the "Victory Revue" staged by the Kinsmen Club of Lethbridge and sponsored locally by the Lions Club. Every seat on the sides of the hall, the centre of the hall, the windows and even the benches lined up in front of the chairs in the body of the hall were all filled, and despite the fact that some were unable to see, it didn't detract from the interest and the whole-hearted applause given the performers as each number was rendered.

Built around the salutation of a letter, home "Dear Mom" and the memories and recollections mentioned in the letter the program moved from country to country in a very interesting manner and the performers, mostly in costume, gave splendid interpretations of their numbers following is the program:

"Dear Mom," vocal refrain by Sgt. Geo. Clinton.

Russian "Ballet Russe," vocal part by Sgt. John Blair; Chorus and dancers, Jean Gaud, Margaret Wallace, Muriel Tregloan, Jean Robinson, Dorothy Greggan, Jessie Bannerman and Peggy Lou Welch.

Piano Solo "Grand Valse Brillant," Helen McKenzie, Concert Pianist.

Vocal solo "Jemine I Dream of Lilac Time," LAW Leane Marshall.

Violin solo, "Gypsy Czardas" Elsie Persson, Concert Violinist, Helen McKenzie accompanist.

Bass Solo "The Lonely Road," Sgt. John Blair.

Tap Dance "In a Military Man" Dancers the from Jean Gould School.

Harmonica Solo "Smoke Gets in Your Eyes," LAC Bernie Bray.

Tenor Solo "My Shining Hour" Sgt. Geo. Clinton.

Tropical Dance and Vocal drive.

Cemetery Committee Busily at Work

NEWS NOTES

J. Wm. Evans was in Magrath Monday last singing up beet acreage for the present year.

Inspector A. B. Evanson of Cardston was at the Public School on Monday and attended Rotary here.

Tractors are shuttling about the town and district this week as overhauling machinery and new machinery is going and coming from the implement houses and the farms.

School pupils and teachers will have a long week-end as Good Friday and Easter Monday are both holidays. For the kids sake we hope it is a warm and pleasant Easter once again.

Fred Romeril was in the office Monday afternoon and said that his thermometer at the farm registered 71 above just as he left to come to town at about 3:30. It was certainly a lovely quiet and warm day.

Primary Conferences were held throughout the Stake last Sunday evening and very interesting programs were given in all wards with children from all classes taking part. Some classes in a group & individual numbers by others. Members of the Stake Primary Board visited the various wards for the Conference.

Baptismal services for the two Raymond Wards and Stirling and Welling were held in the Stake House last Sunday with Elder A. E. Fawns in charge of the 1st ward and Bishop Palmer for the 2nd Ward and Elder C. R. Hardy for Stirling. Fourteen children were baptized and confirmed members of the Church.

The road machinery of the Sugar City M. D. is just about ready to start its summer program and the Secretary informs us that the Council has a large amount of road work planned for this year. The large maintainer which was in charge of Marlin Alfred last year has been turned over to Neal Lash for this season, and Clark Olsen will be foreman in charge of the large cats and graders with Marlin Alfred and others assisting him.

Our cemetery Committee is working steadily, although we don't hear much of them. A sexton has been engaged for the spring and summer, at least, and he will spend his time at the cemetery aiding in inviting appearance there at all maintaining a pleasant and times. He will also dig the graves for people who will be laid to rest there at a fixed price for each.

The Committee find that many cemetery lots are not plotted or marked, many more are not recorded, and generally speaking the information with respect to the cemetery is sadly lacking. In some cases graves are dug in other peoples lots, and in a case or two graves have been found on the streets between the cemetery lots. The committee, Mrs. Rayo Wolf, Chairman, Mrs. T. W. Meldrum, Mrs. Geo. H. Romeril, Mrs. Katie Wilde, Bishop Floyd Wilde, J. D. Hall and L. MacPhee. The sexton is S. J. Dainard. The Committee point out that the Sexton cannot undertake to keep in repair graves cemented in, nor to repair headstones which have been broken off nor pushed over. The committee ask that relatives see that proper markers are put on new graves and that they be looked after by relatives; they would also like a list of every person who is buried in the cemetery name, in full, and date of burial.

We are at a point now, that has been talked about for years, namely, getting a sexton for our cemetery. Now, let us co-operate with the Sexton and the committee and really make our cemetery a place of beauty and rest. True, there is no provision for water, and there will be much yet that cannot be done. But if the weeds and rank grass be kept down, if graves are properly marked and kept clean it will add a touch of care and devotion to the silent city which has been sadly lacking in the past. Let us co-operate in all these matters and endeavor to show proper respect for our loved ones who have passed away.

There was big business at all of the gas stations Friday last as people were cashing in on their remaining gas coupons before the deadline. Now we are away on the new books.

A Wise Decision

Thousands of Canadian hearts were lightened last week by announcement was made a the announcement that time for the payment of 1943 income tax Loan opening instead of the balances has been extended to August 31st.

Many patriotic citizens, gloomy because of their conviction that they couldn't meet the income tax payments by April 30th and buy Sixth Victory Loan bonds at the same time, now rejoice to find that they will not be barred from joining their fellow countrymen in the most important home war effort to date.

Most people have discovered the purchase of Victory bonds gives them a tangible feeling that they are actually backing up Canadian men in uniform. To have taken away from a portion of these the opportunity of participating again would have been regrettable. There is ample proof that throughout the rank and file of Canadian citizens there is far more than enough ready cash to pass the minimum objective of \$1,200,000,000 for the Sixth Victory Loan campaign. With the income tax snag removed, sales to individuals should surpass all previous records.

Official Ottawa deserves added commendation in this regard because the income tax

NEWS NOTES

Eph. Gough has been ill this week with an attack of Rheumatism but was feeling better on Wednesday.

Mr. and Mrs. Eph. Gough have dismantled the old family home on Broadway near the canal and are building a new modern home between Teddy Wagstaff's and Orvin Hicken's home on Broadway.

Quite a large number of German prisoners have been moved from the internment camp in Lethbridge reducing the demand for milk and as a result more cheese is being made there days at the local Cheese Factory.

Singing Stars of Tomorrow

"Singing Stars of Tomorrow" Toronto, Rex Battle, the Canadian pianist and director of the program, Ted Archer, announcer, Dorothy Hamilton, of Weyburn, Saskatchewan, another candidate, and Producer John Adaskin.

EASTER TIME

One more Easter in the midst of war. One more milestone in the lives of men and nations when half the world is fighting to make the other half free. Commemorating the crucifixion and the resurrection of the Savior, we look upon Easter as an awakening of nature from the long sleep of winter, and we hail with joy the warm breath of spring in the air and the promise it always holds of a successful year and a bounteous harvest.

We remember our Easter hikes, our self-invited holidays from school and our payment for these follies by time in of bombs, being unloaded from after school when others were

out. Easter is always a season of promise in every thing.

We have much for which to be thankful. While the world is at war, and countries of the old world are blasted and torn to bits by shot and shell. We in Canada and North America enjoy peace and quietude, and the loveliness of our country remains unmarred. While we are doing our share in the enlistment of our boys and girls, in our Bond drives and War Stamp sales, and while hearts are broken and spirits depressed by news of missing sons, husbands and sweethearts, and while the cost will increase as more of our troops are sent in to action; there is much yet for which to feel good. Our cities and our homes are untouched. Where cities of the old land are blasted to bits, families broken and the whole face of the earth changed, we can enjoy the homes we have builded in the fields we have tilled, the livestock we have gathered around us, and we are not continually harried by the tramp of armies, the thunder of artillery, and the whine and zoom of tanks, being unloaded from bomb bays, and the drone of

planes in the loveliness of the skies.

Easter with its spirit of hope, its promise of the future and its pleasantness, in a lovely season of the year. Warm but not hot, a balminess in the air, the trees breaking into leaf, the flowers peeping through the earth, all add their bit to the beauty, the restfulness and the tranquility of an awakening world after the sleep of winter.

So we celebrate the resurrection and the awakening to a new mess of life of the Savior of mankind, who said "and, I if I times, the student body declared a holiday Tuesday and remained away from school."

L. L. Anderson was summoned to Cardston Saturday afternoon because of very serious illness amongst some of the Sherwood family there.

Jas. E. Meeks and other members of the family left Monday forenoon to attend the Annual meeting of the Hereford growers association in Calgary that evening. He is also attending the Livestock sale in Calgary.

Because of a difference of viewpoint between teachers and pupils at the High School over the recent cartoons in the Hi Times, the student body declared a holiday Tuesday and remained away from school.

Farm work started Monday, and Jensen Bros. report that their beet land out north of town is wet down about seven inches. A right good soaking rain would be very welcome right now.

SINCE THE CALL TO ARMS

WITHIN AN HOUR of the opening of hostilities the Canadian National began what has proved to be the largest and one of the most exacting war jobs in Canada. This job has continued day and night without stop for four and a half years.

FROM SEPTEMBER 10, 1939 to March 10, 1944 the Canadian National carried more than 100 million passengers and 300 million tons of freight. Since the beginning of the war the Canadian National Dining Car Department has served 13,631,387 meals.

THE RAILWAY not only hauled away the completed munitions of war, but brought in the raw materials to make them. Without this two-way service, Canada's magnificent job of production could not have been carried out. The Canadian National itself builds mine-sweepers, 12,000-ton freighters, naval guns and gun mountings, aircraft components, and parts for other gun factories.

OF THE 100 MILLION PASSENGERS carried, a high percentage consisted of members of the armed forces proceeding to camps for training and to shipboard for embarkation.

STEAMSHIPS OF THE COMPANY, though reduced in numbers by sinkings through enemy action, have served gallantly in the war as auxiliary armed cruisers, hospital ships and transports.

CANADIAN NATIONAL Express and Telegraph facilities have worked to capacity to meet war demands.

The Canadian National's nine all-year hotels, situated in cities from the Atlantic to the Pacific, have provided service of an essential nature to those engaged in the war effort. All the Company's resort hotels are closed for the duration.

22% OF THE PERSONNEL in Company's service in 1939 have joined the armed forces. In Victory Loan campaigns Canadian National men and women have purchased bonds to the amount of \$26,924,600.

TRANS-CANADA AIR LINES, subsidiary of the Canadian National Railways, has carried 435,000 passengers during the war, 9,417,000 pounds of air mail letters, and 1,476,000 pounds of wartime air express. Trans-Canada Air Lines is also flying the Atlantic regularly with mail to and from the armed forces.

TRANSPORT for a NATION AT WAR

The Canadian National has been privileged to join with all the citizens of our country, including those who are serving in the armed forces, in the prosecution of the war. It believes that Canadians will be interested in this outline of some of the System's war activities.

Extracts from Annual Report of the Directors of
the Canadian National System:

OUR OBJECTIVE IN 1943, as in other war years, was to place the full strength of our manpower and facilities behind the war effort of the United Nations. To this end all energies have been directed. The requirements of the armed forces, of industry and agriculture, for transport and other services, have been met in all of the nine Provinces of the Dominion and in the important sections of the United States in which we operate.

RECORD TRAFFIC

These demands were greater than ever before, the traffic moved in 1943 being 17.3% greater than in 1942, the previous peak war year, and 44.7% greater than in 1928, the peak peace year.

Freight traffic in 1943 was more than double that of 1939, and passenger traffic four times that of 1939.

Despite this, the very large movements of war materials and personnel reached their destinations in accordance with schedule arrangements. There was no lowering of the recognized standards of safety.

MANUFACTURE OF MUNITIONS

The Company also extended its activities as a manufacturer of munitions, ships and naval appliances.

EARNING POWER

The 1943 operations demonstrated the great earning power of the System, the railway proving again that it can handle an immense volume of business economically as well as expeditiously.

After providing from revenue for all operating expenses (including deferred maintenance, depreciation, amortization of defence projects and reserve for inventories) and also a reserve for pension contracts, taxes, interest

on funded debt and Government loans, the surplus paid in cash to the Government was \$35,639,412.

OPERATING EFFICIENCY

The operating ratio for the year was 73.64% (an all-time record) as compared with 76.93% in 1942 and 81.99% in the peak peace year of 1928.

It is interesting to note that the vastly increased war traffic in 1943 was handled with 16.6% fewer locomotives, 15.4% fewer freight cars and 5.1% more passenger cars than was the traffic of 1917, the fourth year of the last World War.

SPECIAL SERVICES PROVIDED

The Company was honoured in being selected to provide extensive train and other services for Prime Minister Churchill, President Roosevelt and Madam Chiang Kai-shek during their visits to Canada in 1943.

POST-WAR

Changing conditions will call for new methods of railway operation and new types of service, and there must needs be a continuing search for improvement in all aspects of the railway industry. In view of this, the Company has in hand a programme of research. This programme, in addition to considering ways and means of improving service and efficiency of operation, also encompasses the problems of post-war reconstruction and rehabilitation.

THE OFFICERS AND EMPLOYEES in all departments of the System have worked hard and loyally to cope with increased responsibilities arising out of the war, and the directors record their appreciation and thanks. The traditional harmonious relations between management and employees were maintained throughout the year. Appreciation also is expressed to shippers and the travelling public alike for their cooperation in and sympathetic understanding of difficult operating conditions caused by the war.

NEWS NOTES

Mrs. G. F. Summers was in Coaldale on Tuesday and in Lehighbridge on Wednesday of this week.

The Lions Club met Monday evening as usual, but after supper they immediately adjourned to the Opera House to aid in the 'Victory Revue' staged that evening.

The noon news broadcast announced the election by acclamation of Hon. Solon E. Low, Provincial Treasurer and Minister of Education, as leader of the Dominion wide Social Credit organization.

Winifred Litchfield of Edmonton and Burns Larson of Regina, both with the R. C. A.F. were home on leave the first of the week.

J. E. Maudsley is around again after his recent operation and is feeling pretty good. He was in hospital for two weeks, and since then has driven around to check up on his affairs.

Miss Hazel McBride was operated on last Friday night for appendicitis and is getting along fine. The operation was so successful that on Sunday when her parents visited her she was wondering when she could come home.

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To All Employers:

All Unemployment Insurance Books for the year ending March 31st, 1944, must be exchanged for new books.

Kindly communicate immediately with the nearest Employment and Selective Service Office if you have not already exchanged your employees' books.

There are severe penalties for failing to make Unemployment Insurance Contributions for your insured employees and for failure to renew the Insurance Books as required.

To All Employees:

If you are an insured person protect your benefit rights by seeing that your Insurance Book has been exchanged.

"Where You Get More of the Best for Less"

By
DR. K. W. NEATBY
Director
Line Elevators Farm Service

A New Bulletin

Line Elevators Farm Service have the enviable distinction of having published the first Canadian bulletin devoted entirely to the problem of water erosion of soils. This was Bulletin No. 1. In less than three years, 50,000 copies were distributed. It has now been out of print for about a year. The urgency of the problem is fully recognized in government circles, and several Dominion Experimental Stations have, for some years, been conducting experiments on control methods.

Bulletin No. 1 was concerned, chiefly, with drawing public attention to the problem itself, and very little space was devoted to control. Bulletin No. 4 is now ready for distribution. It is entitled "Water Erosion of Soils in the Prairie Provinces and Its Control." Mr. L. B. Thomson, Superintendent, Dominion Experimental Station, Swift Current, and his staff, have offered invaluable advice and assistance in the preparation of the manuscript. The bulletin has, also, benefited immeasurably from criticisms and suggestions made by Professor John Mitchell, University of Saskatchewan, Mr. W. D. Albright, Dominion Experimental Station, Beaverlodge, and Mr. M. J. Tinline, Dominion Experimental Farm, Brandon.

The information published is, therefore, authoritative. Farmers, country school teachers and their students may secure copies through Line Elevator agents or by writing directly to Line Elevators Farm Service, Grain Exchange Building, Winnipeg, or Herald Building, Calgary.

C. R. Wing, First Counsellor to Bishop Hicken, left last week to attend General Conference in Salt Lake City, representing the First Ward.

Mr. and Mrs. T. W. Meldrum have received word from the Government that their son Veri who was reported missing a month ago is a prisoner of war in a German prison camp. The word came through the International Red Cross. Needless to say everyone is happy over this information.

PENICILLIN FOR PUBLIC USE SOON

Ottawa, March 29—Within the next five or six months it may be possible to release penicillin for other than military uses, Munitions Minister Howe said in commons. He was answering a question from Dr. Herbert Bruce (C. Toronto Parkdale). Mr. Howe said the department acted under the guidance of a committee of the National Research Council in arranging for production of the drug. A considerable quantity had been produced and progress had been more rapid than expected. About enough was now available to meet requirements of the armed forces.

TIP-TOP CLOTHES

Are Great Value in Material,
Style and Workmanship

BREWERTON'S

MARKET GOOD POTATOES

High quality potatoes, both for seed and for table stock may be grown in many districts of Alberta, but successful commercial production demands special attention to market requirements. Farmers, located in the same district, are advised by Field Crops Branch to co-operate in selecting the variety to be grown and in assembling their potatoes for shipment in carload lots.

Good seed is essential to successful potato production. Every commercial potato grower should give special care to his seed stock. Quality, yield, and freedom from disease can be obtained only when carefully selected seed is used.

Certified seed gives the best

assurance of the qualities required in seed potatoes. University and Department of Agriculture authorities supervise approved growers whose crops are subjected to field and tuber inspection through three generations before becoming eligible for certification.

Information about the production of Foundation Stock, Foundation "A", or certified seed potatoes can be obtained from the Seed Potato Inspector, Dominion Department of Agriculture, Edmonton.

For additional information about potato production, varieties, disease control and market requirements, write to the Field Crops Branch, Provincial Department of Agriculture, Edmonton.

USE GOOD SEED

Producers for their protection should check the germination of home-grown seed.

For FREE GERMINATION TESTS leave your grain samples with your

ALBERTA PACIFIC

So often now— NAMES MAKE SAD NEWS

● The names in this newspaper that interest you most are names of boys you know who are on active service... boys from this community. You used to read their names in school reports, in church and Sunday school items, in news of sport. You read these names today in news from the fighting fronts. So often now these names make sad news.

Let's do all we can to hasten the day when our newspapers can tell of happy things.

Yes, we can do something to hasten that glad day.

When we do this job we help to win victory sooner. We help to end the war sooner. And we do something to benefit ourselves.

The job that we are asked to do is to save our money and lend it to our country.

As each new fighting front is opened more money is needed. More people must be ready to furnish this money.

More Victory Bonds will be issued. Those who have not bought Victory Bonds before must buy them. Those who have bought bonds must buy more. We are not asked to give... we are just asked to lend. We will have money for things we plan to do, after the war.

Dedicate yourself to this war effort... something you can do... one thing you must do. Your help is urgently needed.

*(A Newspaper saying—"Names Make News")
